PERSONAL PROJECTS

R - Cloud   https://r-cloud.vercel.app
A cloud storage service, for storing saving, downloading, and sharing files. Designed with Figma, and built as a PWA. it is the first app in my r-apps collection.

R - Apps   https://r-apps.vercel.app
Applications from me. As of now, they include **r-cloud**, **r-chat, r-tm** (task manager and collaboration application), and **r-auth** (my authentication provider for authentication across all r-apps)

REFRENCES

Dino Lab GmbH   2 years
- Resolved several issues across company GitHub repositories, delivering solutions promptly and effectively.
- Provided hotfixes for bugs as they surfaced, ensuring uninterrupted platform functionality
